HEALTH AND WELLNESS

Lower Training Room opens after Labor Day!

In order to make more room in the Fitness Center, we have created a small training room in the lower level for trainers to work with their clients and overflow space for our adult members (18 & Up).

Personal, Team, and Small-Group Training Ages 12 & Up

The Recreation Center has many new Certified Personal Trainers waiting to help you with your health and wellness goals. We offer individual training and small-group training by our highly qualified trainers. Fill out a Personal Trainer Request Form at the Front Desk or call 513-821-5200.

TRAINER HIGHLIGHT:

Evan Johnson has been a certified personal trainer for over 2 years, and has been at the Wyoming Rec Center in that time. He is also a certified boxing fitness coach, and an orthopedic exercise specialist, with the focus of continuing client progress after physical therapy rehab. Evan works with clients as young as 9 wanting to get stronger and more athletic, to seniors who want to stay independent and healthy. Evan's favorite exercises are boxing, and the Olympic clean and press.

When he isn't in the gym, he enjoys visiting local breweries and spending time with his wife and baby boy. If you ever see him out in public, there's a good chance he's wearing a hawaiian shirt, and a better chance that his son is wearing a matching shirt as well.

"My favorite part of being a trainer is getting to connect with people and see how training makes them happier and more confident in themselves. After all, the gym is a place for everyone."
